

## **HOMEWORK 7.4**

**DEADLINE.....**

### **COLLAGE/MOSAIC**

**1 Produce a title page using the word COLLAGE only. Cut each letter out from a part of a picture from a newspaper or magazine. Stick them down. You can decorate around it by sticking down pictures or colours.**

**2. Write a list of 15 things that could be stuck down and used to make a collage picture eg. Feathers, pasta shapes.**

**3. Cut out shapes from tin foil and stick them down to make a collage picture of a ROBOT. Draw on it with pen or stick down other bits of collage if you want.**

**4. Look up the words MOSAIC and TESSERA in a dictionary. Write down what these words mean in an art sense. What did the ancient Romans use mosaics for? Why do you think that most Roman artwork that we can see today is in the form of mosaic?**

**5. Make a paper mosaic by cutting out small squares from an old magazine using different colours from parts of the photographs. It can be a pattern or you can make a simple picture.**
